One app to run the entire school

Introducing the dynamic patasala.in School App, meticulously crafted to redefine school administration. Discover a suite of features that cater to the specific needs of every stakeholder, making school management more efficient and paperless

Go Paperless

Embrace a completely paperless approach to school administration, digitizing all tasks for a more eco-friendly and efficient process

Custom Stakeholder Interfaces

Tailored interfaces for principals, teachers and other staff, ensuring each user has a unique and intuitive experience aligned with their responsibilities

Duty-Oriented Design

The app is designed with each stakeholder's duties in mind, making it a powerful tool for every role within the institution

Efficient Reporting

Generate quick reports and get overall statistics and infographics, enabling data-driven decision making

Parental Engagement like never before

Welcome to the dynamic patasala.in Parent App, designed to provide an enriched parent friendly experience. Explore a range of features that put essential information and school updates right at parent's fingertips

Dynamic Home Interface

Get instant access to actionable items and school updates, ensuring you're always in the know

Holistic Performance View

Analyse academic results, review homework and attendance to boost child's progress

Simplified Fee Payments

Never miss a payment with the help of our reminders and easy to use payment process

Seamless Communication

Stay informed with school events, PTMs, class diary and communicate with teachers through apps

Growing together. One school at a time.
